

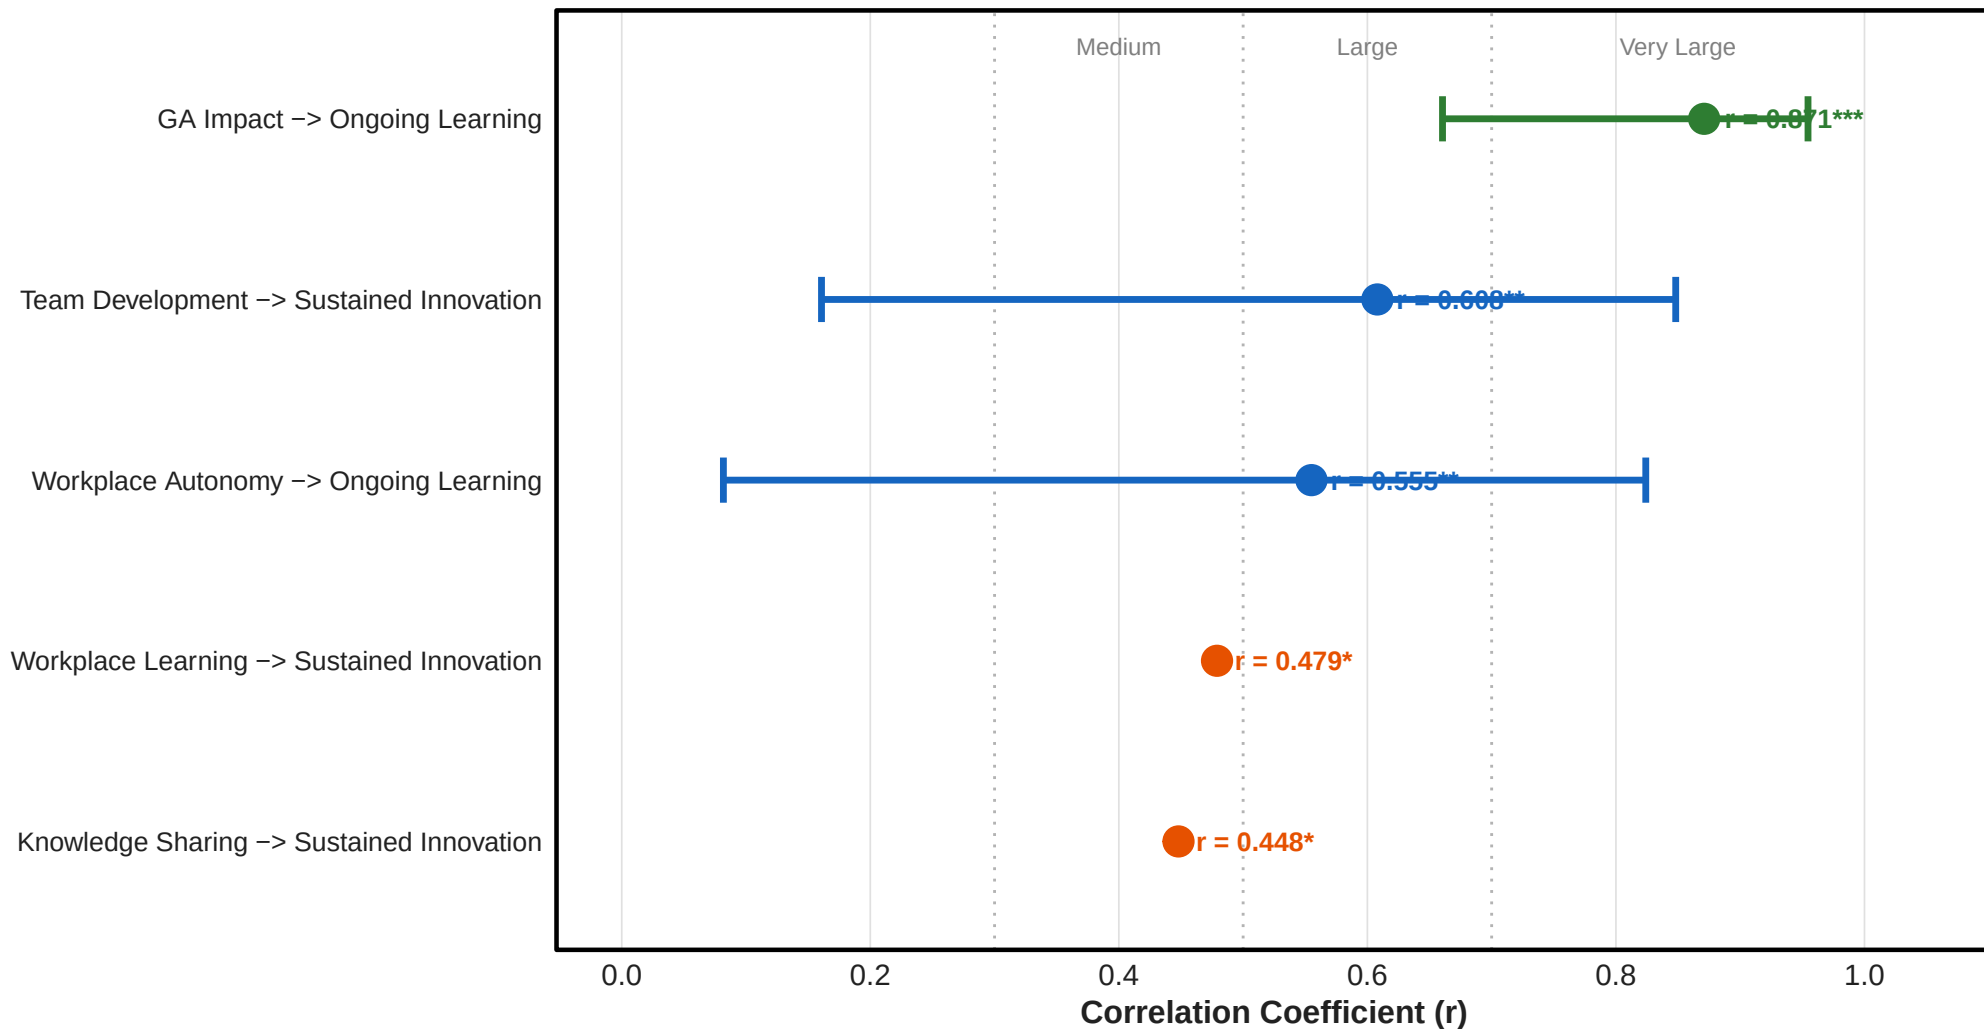

Figure 4. Forest plot of alumni correlations showing exceptional long-term impact. The correlation between GA Impact and Ongoing Learning ($r = .871$) represents one of the strongest educational impacts documented in literature. Colours indicate effect size: green (very large, $r \geq .7$), blue (large, $r \geq .5$), amber (medium, $r \geq .3$). Confidence intervals computed using Fisher's z-transformation. *** $p < .001$, ** $p < .01$, * $p < .05$. Source: Author's analysis.
